## Family Tree of the Jewish People

**The *Family Tree of the Jewish People* (FTJP) is a project to centralize the collection of Jewish family trees, to provide a powerful resource to connect individuals researching the same Jewish family branches, to re-connect their families, and to increase interest in Jewish genealogy.**

**NEW in 2010:** JewishGen is launching a new initiative to grow the Family Tree of the Jewish People, and invites you to participate. We have partnered with MyHeritage.com to provide a special facility for Jewish genealogists to create their family tree on MyHeritage.com, or import their GEDCOM there, and automatically share the tree with JewishGen's Family Tree of the Jewish People. This partnership provides Jewish genealogists with a highly capable family tree system supporting English, Hebrew and 34 additional languages, with photos, Smart Matches and a host of additional features, with the added benefit of synchronization with JewishGen. By participating, you will help grow the Family Tree of the Jewish People, while keeping its contents constantly up-to-date, and you may be rewarded by being discovered and contacted by Jewish genealogists who can add to your family tree. [Learn more here.](#)

**By submitting your GEDCOM file to this program, you become an integral part of this effort and you acknowledge and agree to the following:**

The GEDCOM you are submitting represents your personal research efforts into your own family connections. If your submission includes data that is the work of another person you must have their permission to put it on line.

You will not submit any information that infringes on the copyright of others, nor is defamatory or profane in any way.

Your submission does not entitle you to any compensation, monetary or other.

You will respond in a timely fashion to any researcher who makes contact with you through the third party e-mail system maintained by JewishGen.

Because of the concerns for privacy of living persons, any data displayed on the Internet will not contain the date and place of birth for any person for whom a death date is not included, nor will source notes be displayed.

JewishGen copyrights only the compilation of GEDCOMs as the database. This does not limit you from publishing, selling, giving or otherwise distributing your GEDCOM for commercial or non-commercial purposes.

**By searching the JewishGen version of the Family Tree of the Jewish People, you agree to the following:**

While you have been granted full and unlimited search rights to GEDCOM files in this online version, it is for your **personal research interests only. Any use of this database for commercial purposes is prohibited.**

You will hold JewishGen, Inc. harmless from any wrongdoing or inaccuracies in the compiled data. Any complaints regarding the content of any data contained in this online version should be directed to the submitter who is the source of the data.

JewishGen's programs are free and provided as a public service worldwide to any one with an interest in their Jewish ancestry. Please consider making a gift today to JewishGen so that this and all programs we provide will grow and continue to flourish. Your gift makes it all happen! <http://www.jewishgen.org/JewishGen-erosity>.

## 1940 US Census

**1940 CENSUS**  
OFFICIAL 1940 CENSUS WEBSITE

Archives.gov | **1940 Census Home** | Getting Started | Census Search | About the 1940 Census | Help

### Welcome to the 1940 census

The 1940 census records were released by the US National Archives April 2, 2012, and brought online through a partnership with Archives.com. This website allows you full access to the 1940 census images, in addition to 1940 census maps and descriptions.

Please visit [Getting Started](#) to determine the best way to begin your search.

**Update for April 4th at Midnight EDT:** We continue to make improvements to the site. You will now be able to search, download and print individual images. Thank you for your patience while we continue to make updates.

#### How It Works

- **Find census maps and descriptions to locate an enumeration district.**  
To find a person in the census, you first need to determine the appropriate enumeration district number. This can be found by searching census district maps and descriptions.
- **Browse census images to locate a person in the 1940 census.**  
Census images are organized by enumeration district number. Once you've located the correct one, you can begin to browse census images to look for your ancestor.
- **Save, share, and download images to save your work and share with family members.**  
When you locate a census image, you can easily save, share, or download the image for future reference. This image can be a great keepsake, or addition to your family tree!
